

WHY E-PLEX?

COMPREHENSIVE ANALYSIS: We use our multiple intelligences test, placement test, and student resources management system to fully get to know your child and identify the best teaching approach.

SAFETY: To ensure complete safety, our facial recognition system prevents outsiders from entering, and our E-PLEX mobile app notifies you of your child's pickup status and attendance.

HIGH-QUALITY STANDARDIZED CURRICULUM: We offer organized curricula and high-quality teaching materials, developed by E-PLEX's R&D Center, along with professional instructors who teach programs within their field.

CONVENIENCE AND EFFICIENCY: Our departments are connected not just by location, but also by the common goal of managing and providing the best education to your child.

INSTANT COMMUNICATION: Use the E-PLEX app to check daily, detailed reports and ask questions or message administrators without the hassle of calling.

EXCELLENT ENVIRONMENT: We provide clean and well-maintained facilities and state-of-the-art equipment for a pleasant and welcoming learning environment.

E-PLEX KINDER AFTER SCHOOL

E-PLEX
EDUCATION COMPLEX

E-PLEX Afterschool aims to..

build a roadmap that supports student's academic success so they can go above and beyond. We use E-PLEX GENIUS, a specially developed study curriculum that is aligned with education standards. Each program is designed using data-driven solutions not only to support kids to reach academic proficiency and achievement levels, but also to help kids progress through school and prepare to become future leaders. All learning takes place in a safe, fun, and high-quality program that fits the needs of both parents and child.

MULTIPLE INTELLIGENCE TEST

We implement the Multiple Intelligences Test developed by Howard Gardner, an educator from Harvard, so we can identify each student's strengths and aptitudes and apply them to support students.

Curriculum

Our kindergarten program serves to acclimate students to reinforcing concepts learned at school. We go beyond schoolwork to provide exposure to letter & sound recognition, number recognition, writing, and reading.

Within the 5-day program, Time for kids, Read-a-loud, and movement activities are included at no extra cost.

E-PLEX,
