REDEFINING EDUCATION FOR THE MODERN WORLD

COMPANY OVERVIEW

E-PLEX is an integrated after-school center serving students from Kindergarten through 8th grade, offering after-school care, academic support, and enrichment programs all in one location.

Through a well-structured one-stop system, E-PLEX provides a supportive environment where children's after-school routine can be managed efficiently without the need to travel between multiple programs.

AFTER SCHOOL

5-DAY PROGRAM

This comprehensive program offers afterschool care with pickup from school every school day, providing a structured environment for students to engage in various activities and complete homework under supervision.

4-DAY PROGRAM

A well-balanced program that provides consistent academic support and a structured environment while allowing flexibility for other weekly activities.

3-DAY PROGRAM

Designed for flexibility, this option allows parents to choose three specific days of the week for their child to attend afterschool care with pickup from school, ensuring that their child's afterschool needs are met on their preferred schedule.

MAIN FEATURES

Pick Up

Students are picked up directly from their schools by screened and qualified drivers. Parents are notified when students are safely picked up.

Homework Assistance

Our after-school program provides dedicated time each day for students to complete their homework with guidance and support from qualified instructors.

E-PLEX GENIUS Curriculum

E-PLEX GENIUS is a series of practice packets specially developed by E-PLEX R&D for each grade level to reinforce previously learned concepts and gradually introduce new ones.

Using E-PLEX's own proprietary materials, students build consistency and confidence in their core learning areas throughout the week.

Every 14 weeks, students take a benchmark assessment, and parents receive a detailed progress report to track their child's overall development.

Additional Enrichment & Add-On Programs

Our enrichment programs provide students with meaningful opportunities to explore new interests, develop creativity, and engage in hands-on experiences beyond their daily after-school routine.

Through a variety of activity-based classes and enrichment experiences, students can expand their curiosity, build confidence, and enjoy learning in a dynamic and supportive environment — all within the E-PLEX center.

Snack

Daily snacks are available as an optional add-on service.

PICK UP PROCESS

From School

- Irregular schedules and minimum days will be accounted for at no extra charge.
- Most schools will have a consistent regular driver – except for the occasion that many schools are on irregular schedules.
- Drivers will pick up students from the valent line
- Push alarms will be sent to each parent indicating safe pick up.
- Students arriving at the facility are picked up by E-Plex staff from the parking location.

From E-PLEX

- Parents or authorized guardians can pick up their child from our afterschool program at the designated pickup area.
- Upon arrival, parents should check in with our staff and provide identification if required.
- Children will be released only to authorized individuals listed on the pickup list provided by parents during registration.

Safety Routine

- We prioritize the safety and well-being of all students in our care.
- Our facility maintains secure entry and exit points to prevent unauthorized access.
- Staff members are trained in emergency procedures, including evacuation and lockdown protocols.

ACADEMY

STUDENTS GROW ACADEMICALLY THROUGH ENRICHMENT COURSES, FLEXIBLE SCHEDULES, AND ENGAGING INSTRUCTION IN TEST PREP, CRITICAL THINKING, AND ELA
